

KPMG Career Story Return to Tax - Jan

Transcription

I trained with KPMG, many years ago, and took 16 years off whilst I brought up my children, and then I came back to KPMG on their Return to Work Programme.

The KPMG Return to Work Programme offered me a chance to work in Transfer Pricing, which is exactly what I wanted to do and what I, sort of, dreamed about.

Returning to work, for me, is really important because it makes me feel like a whole person. Before, I was just a mum, but now I'm a mum and I'm myself and have an opportunity to fulfil my own aspirations and dreams.

I think since returning to work, I've been surprised by the fact that I'm able to do things that I never thought I'd be able to do.

I proved to myself that I could get promoted, I proved to myself that people respect me, in the workplace, and I proved to myself that my opinions are valued.
