

# Deal Advisory- Mergers & Acquisitions

## In-depth Guide

### Deal Advisory – Corporate Finance

On this 3-year programme, your focus will be on M&A and Debt but you can also expect to collaborate with people from across the firm and, in particular, from the wider Deal Advisory practice. It will give you a great platform from which to build your knowledge – and your networks.

You could find yourself analysing strategic options or assessing value. You might help to structure the deal, design the deal, or design mechanisms for presenting the deal to the marketplace. You could be involved in managing the transactions process, negotiations and securing the optimal terms for a successful closing. You'll contribute to your team's performance early in your career, enjoying varied and challenging work. Working with clients from the UK and overseas, no two projects are the same. In Deal Advisory, we apply deep technical knowledge and industry experience to a broad mix of complex and challenging transaction and business issues.
